

INNOVATING THE FUTURE OF AEROSPACE

WHAT ?

Join the On-site Presentations to Engineer, Experience and Manufacture the Most Innovative Aircrafts

WHEN ?

Monday June 17th through June 20th

WHERE?

International Paris Airshow, Le Bourget - Hall 4 Pôle Astech

MONDAY, JUNE 17th

- 11am - 11:45am Manufacturing High Quality & Cost-Efficient Composites Parts
- 2pm - 2:45pm Reach the Highest Passenger Comfort and Safety with Interior Engineering
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing

TUESDAY, JUNE 18th

- 2pm - 2:45pm Reach the Highest Passenger Comfort with Virtual Seats
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing
- 5pm **Cocktail Party**

WEDNESDAY, JUNE 19th

- 10am – 10:30am Reaching Optimal Material Quality and Cost Effectiveness with Additive Manufacturing
- 2pm - 2:45pm Reach the Highest Passenger Comfort with Interior Acoustics
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing

THURSDAY, JUNE 20th

- 11am - 11:30am Co-Design of Light Aerospace Components
- 2pm - 2:45pm Acoustics Engineering for Space and Launch Vehicles
- 3:30pm - 4pm Enhancing Productivity with Immersive Human-Centric Manufacturing
